

Modern Safety Software for SMEs

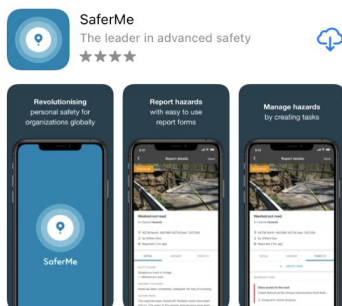

Better manage your risks, safety checks, incidents, training records and more with automated alerts, reminders & tasks.

How it Works:

Workers submit reports and manage tasks through the SaferMe mobile app, or via QR code web forms.

H&S Reps and supervisors manage and monitor reporting, risk information and training records from the SaferMe web app.

Key Features:

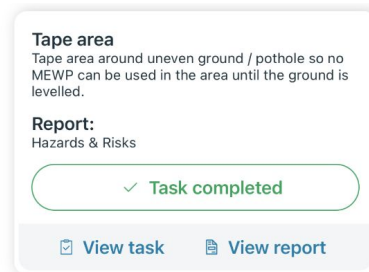

Mobile safety forms for any purpose

Build tailored report forms suited your team's needs.

Report risks, incidents, site checks and more.

Forms are accessed via iOS / Android apps or web browser.

Tasks, Alerts & Corrective Actions

It's never been easier to stay on top of what needs doing to keep your workers safe.

Assign follow-up tasks to other staff, receive alerts and manage your task list through the web and mobile apps.

HAZARD	RISKS	HARM / IMPACT
H&S Playground Equipment	<ul style="list-style-type: none">Falls from heightSlips or tripsCollision between learners	<ul style="list-style-type: none">Moderate to serious
H&S Road Crossings outside school	<ul style="list-style-type: none">Vehicle / cyclist vs pedestrian collision	<ul style="list-style-type: none">Loss of lifeSerious injury

Digital Risk Register & reminders

Digitise your risk register, and automate reminders to review each risk.

SaferMe's tool automatically keeps a change history of your management of each risk over time.

QR Code forms

Web forms accessed via QR code help you engage non app users.

Perfect for checks, incidents & more.

Offline Reporting

SaferMe works even when you have no mobile coverage.

You can make reports that will upload when you are reconnected.

Incident Investigation

Manage the follow up from an incident, collect the information you need and document your actions along the way.

Get Started in 3 Easy Steps

STEP 1

Book a demo

We'll show you how SaferMe works & answer your questions.

STEP 2

Create forms & add risks

SaferMe helps with this step to make it easier for you.

STEP 3

Login and start managing!

You're all set to go. Start managing safety & risk the easy way.
